

JURY INDICTS MRS. BRADLEY

Formal Action Against Slay-
er of Former Sena-
tor Brown.

Case Will Probably Be
Called Latter Part
of April.

Accused Woman Feels Sure
She Will Be Ac-
quitted.

In Criminal Court No. 1, Justice Staf-
ford presiding, the grand jury today
formally presented its indictment
against Mrs. Annie M. Bradley, charg-
ing her with murder in the first degree
in having shot and killed former Sena-
tor Arthur M. Brown of Utah. The
shooting took place in the Raleigh Ho-
tel, December 8, 1906, and Brown died
at the Emergency Hospital December
23. After the indictment was presented,
Wells, Hoover and Wells formally en-
tered their appearance as counsel for
the defendant. Mrs. Bradley may be
arraigned next week. The trial will
probably take place early in the spring.

Action Fully Expected.

Mrs. Bradley was not surprised by the
action of the grand jury, because she
had been told many times by her coun-
sel to expect the indictment. The pris-
oner, who is now in jail, in a cell next
the one occupied by Mrs. Jennie L. May,
convicted of shooting Lucien Conen, is
impatient for trial. She is sanguine of
acquittal and is anxious to get back to
Salt Lake City to her two children.

Attorney George P. Hoover said this
afternoon that he had a conference with
District Attorney Baker about the cases
now pending and learned that Mrs.
Bradley would in all likelihood be called
for trial at the beginning of the third
or fourth week in April.

Score of Witnesses Subpoenaed.

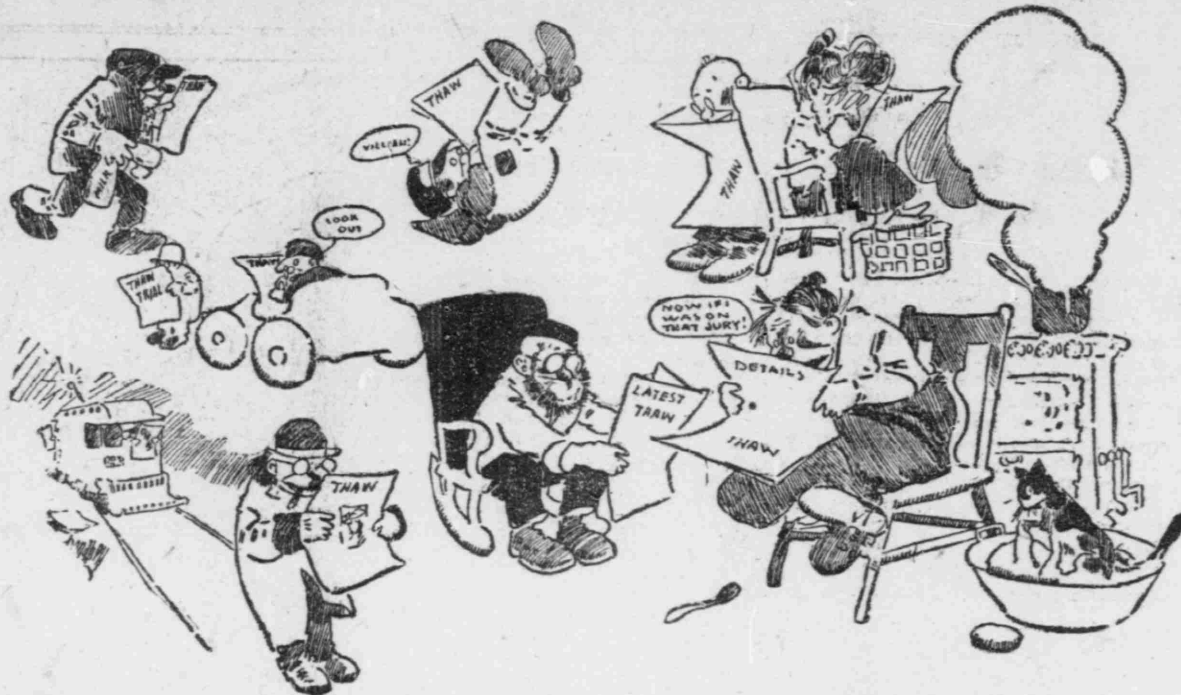

The Government will put only a few
witnesses on the stand to prove a prima
facie case of murder against Mrs. Brad-
ley. Counsel for the defense will call a
score or more of witnesses from Salt
Lake City to testify as to the relations
between Senator Brown and Mrs. Brad-
ley, for the purpose of showing the jury
the justification the woman had for
shooting him. That emotional insanity,
such as Harry K. Thaw is said to have
been suffering from when he shot Stan-
ford White, will be the defense of Mrs.
Bradley is practically certain.

HOUSE WILL CONVENE AT ELEVEN O'CLOCK

One hour more labor has been added
to the burdens carried by the members
of the House of Representatives.

Confronted by the great press of busi-
ness, the House this morning adopted a
resolution offered by Mr. Payne of
New York that, beginning with tomor-
row, the House shall meet each day
until the end of the session at 11 a. m.,
instead of at noon as heretofore.

THE THAW CASE IN CLEVELAND

—From the Cleveland Plain Dealer.

RUNNER HASKINS UNDER THE BAN

G. B. Haskins, the inter-collegiate one-
mile champion of the University of
Pennsylvania, has been suspended for
six months by the South Atlantic Asso-
ciation of the Amateur Athletic Union.
Haskins got himself in a bad light at
Richmond, Va., games, January 26. He
was disqualified after winning the 880-
yard run, for deliberately fouling P. S.
Herring during the race. Haskins took
exception to the ruling of the officials,
to whom, it is charged he used bad
language. He was then temporarily
suspended.

Notice of the suspension of Haskins
has been sent to J. J. Dixon, of New
York, who is chairman of the National
registration committee, and to Dr.
George W. Orton, president of the
Middle Atlantic Association.

Philadelphians Kick Against the Decision

PHILADELPHIA, Feb. 15.—There will
probably be another chapter to the Has-
kins case.

It is not clear by what right the South
Atlantic Association disqualified a man
who belongs to the Middle Atlantic As-
sociation. According to the rules of
the A. A. U., any punishment meted out
to Haskins should be done by the Mid-
dle Atlantic Association, of which
George W. Orton is the president.
Haskins is a member of Penn's two-
mile relay team, which is to run against
Dartmouth at the Boston A. A. games
Saturday night, and it was feared for a
time that this ruling was agreed to by
the national body, and that Haskins
would not be allowed to run at Boston.
But a telegram to President James E.
Sullivan brought the information that
Haskins would not be barred at the
Boston games. It is not likely that the
ruling of the Southern division will be
taken up by any other division.
Haskins and his friends are much dis-
turbed over the fact that the Southern
Association did not give him a hearing
before passing suspension on him. Has-
kins declares that he is able to justify
his conduct in every particular.

TEACHERS ALIVE REPORTED DEAD

MANILA, Feb. 15.—W. K. Bachel-
der and Walter J. Lee, the American school
teachers yesterday reported killed in an
attack by Pulahanes on two towns in
Occidental Negros, have been found.
Both men had been missing since the
raid, and this led to the report of
their murder. Both are unhurt.

AMBULANCE HIT BY WAGON AND SLIGHTLY DAMAGED

While responding to a call last even-
ing the ambulance from Freeman's
Hospital collided at Seventh and W
streets northwest, with a wagon owned
by Eugene Ross, of 1117 Seventh street.
No one was injured, and the ambulance
was only slightly damaged.

SCHOOL DAMAGES BRING HOLIDAYS

Owing to the damage done by vandals
to the interior of the Henry School,
Seventh and P streets northwest, Wed-
nesday night, all classes were dismissed
yesterday, and a holiday declared until
Monday morning.

Supervising Principal Patterson said
this morning that the damage would be
repaired by Monday, and that every-
thing would be in shape again next
week. No arrests have been made in
the case at yet.

LECTURED ON RECLAMATION.

Clarence J. Blanchard, of the Recla-
mation Service, Wednesday lectured be-
fore the students of the Business High
School on the reclamation of arid lands
in the Northwest. The talk was illus-
trated by stereopticon views.

ASK PERMISSION TO ERECT DOME

American National Bank Ap-
peals From Inspector Ash-
ford's Decision.

An appeal from Building Inspector
Snowden Ashford's decision that the
erection of a dome on the rear portion
of the building of the American Na-
tional Bank, F. between Thirtieth and
Fourteenth streets northwest, was made
this morning before the Board of Com-
missioners.

Stanley Simmons, architect of the pro-
posed improvement, and Robert N. Har-
per, president of the bank, appeared and
said that the erection of the dome was
necessary to give more room in the
building, and bring the rear part of the
structure up to the height of the front
portion; that the construction of the
dome would not exceed the height limit.

The Commissioners rendered no deci-
sion, taking the whole matter under con-
sideration for conference and a report
later.

TARHEELS SUGGEST DUAL MEET HERE

The George Washington University
track and field management has been
sounded as to the possibility of a dual
meet in Washington between that insti-
tution and the University of North
Carolina.

The "Tarheels" anticipate taking a
Northern trip some time in April, and
are desirous of having the Hatchettes
on their list if arrangements can be
satisfactorily completed.

Early in the season the Hatchette
management had contemplated going
extensively into the dual meet proposi-
tion, and with that in view, a number
of prominent Southern institutions of
learning were sounded, but circum-
stances are now somewhat altered and
it is doubtful whether the Buff and
Blue athletes will take part in any af-
fairs of that nature. There is some
possibility, however, of the North Car-
olina proposition panning out, and ac-
tion will be taken upon the matter in
the near future.

A Clearance Sale of Men's Suits and Overcoats

Special
at . . . **\$6.25**

Formerly \$10.00, \$12.50, \$15.00 and \$18.00
